EDUCATION

Columbia University	New York, NY
Master of Science in Biomedical Engineering	Sep 2024 – Dec 2025
Course: Brain Computer Interface, Deep Learning in Biomedical Imaging, 3D UI And Augmented Reality	
Shandong First Medical University	Taian, CN
Bachelor of Engineering in Biomedical Engineering	Sep 2020 – Jun 2024,
Course: Advanced Mathematics, Linear Algebra, Probability Theory, Electrical Engineering, Signal and System	

PROJECTS

Automated Financial Reporting System	New York, NY
Developer	May 2025 – Jun 2025
<ul style="list-style-type: none">Built a financial reporting platform that embedded interactive Power BI reports using REST APIs.Automated data handling by loading and filtering Excel data through an Access database, with in-app table generation.Integrated DeepSeek-V3 to analyze filtered financial data and generate AI-driven reports, outputting results directly into PowerPoint slides.	
Cognitive Task Migration from Python to C# in Unity	New York, NY
Developer	Dec 2024 – Jan 2025
<ul style="list-style-type: none">Enabled cognitive experiments integrating both EEG and eye-tracking data collection with a VR headset.Designed a page manager to control activation and transition between 3 main tasks, ensuring seamless navigation and user experience.Implemented prefabs and containers to optimize object reusability and regulate object lifespans effectively.	
Cognitive Task Design in Python	New York, NY
Developer	Aug 2024 – Oct 2024
<ul style="list-style-type: none">Designed a memory task presenting image stimuli and recording behavioral responses using PsychoPy.Integrated the task and real-time EEG recording into LSL for synchronized data acquisition.	
MATLAB Toolbox for Medical Image Transformation	Taian, CN
Developer	Apr 2023 – May 2023
<ul style="list-style-type: none">Developed an interactive window with sliders, providing visual feedback with under 10ms response lag.Integrated multiple transformation techniques, augmenting versatility of medical image processing.	

EXPERIENCE

Shanghai Microport Medbot (Group) Co., Ltd.	Shanghai, CN
Operations Intern	Jun 2023 – Sep 2023
<ul style="list-style-type: none">Managed 4 exhibitions, analyzing clinical requirements and peer feedback, resulting in 2 enhancement plans.Improved inventory management efficiency by 50% by developing and implementing a hierarchical sorting structure based on 5 core parameters.Collaborated with team to elevate professional appearance of 10 critical documents through proofreading, improving spelling, grammar, and layout.	
World Robot Conference	Shanghai, CN
Volunteer	Aug 2023 – Sep 2023
<ul style="list-style-type: none">Educated 50+ visitors daily on robotic technologies, boosting public awareness.Promoted company products to hospital directors, securing 13 key contacts for future collaboration.	

SKILLS

- Coding: Python, MATLAB, C#, C++, C, R
- Libraries: TensorFlow, Pandas, PsychoPy, Simulink, Qt
- Software: Unity, VS Code, GitHub, SolidWorks, Power BI
- Languages: English, Mandarin
